## Biobased Economy – what's in for you?

### Why we contribute this competition?

Sustainability is really important and gets more and more influence into society. But not everybody knows what it is and how many different aspects biobased economy has. All partners of the EU-project “EBBEY – Entering to Biobased Economy” invite you all to participate.

The main target is to make students and teachers interested in Biobased Economy (BBE) and to introduce the concept of BBE into the school programs.

### Where it is about?

You worked out your understanding of BEE. You can make a film, a photo-story, a music piece or a song, a theater play; you can organize an exhibition for your own school, you can develop practical school experiments for BEE (think of biogas, energy alternatives) or you can organize a study or study trip.

### Who can participate?

Students of secondary vocational education, especially in the “green” sector, supported by teachers and parents can participate.

### What is to be submitted - when and where?

The apply documents: (contribution and registration form) must be send by Email till the 15<sup>th</sup> of June 2015 to your national jury. And the national jury will send it till the 15<sup>th</sup> of August 2015 to the international jury.

### Who will judge your contributions and on which criteria?

A jury composed of all partners of the EU project determines the winner. The assessment is made according to these criteria: idea, creativity, originality and quality of its conversion.

### What you can win?

The overall winner will be invited for the final meeting in Luxemburg in **November 2015**. Also one of his teacher will be invited. Travel and accommodation will be paid for you and your teacher. The winner can present his contribution to the audience in English.

The numbers 2 and 3 from the international jury will also participate, and do their presentation via video-conferencing.
